## DESCRIPTION

With a top speed of 40 knots and a cruise speed of 34 knots, she offers an exhilarating ride compared to other 100'-plus yachts in her class.

The quality of her build immediately strikes you after stepping onboard for the first time; the condition of her decks, cabinetry and fittings stand out, while her stern opens up into a garage that can store your tender, jet skis and other desirable water toys.

She also features a nearly 24' beam and boasts a spacious 4 stateroom, 5 head layout that offers a sense of volume typically reserved for much larger yachts.
