65.90m (216'2"ft) | 2023

---

## DESCRIPTION

The Italian Sea Group is responsible for her naval architecture and exterior design. British designer Mark Berryman is responsible for her interior design. With a steel hull, aluminium superstructure and a volume of 1200GT she is being built to Lloyd's Commercial Register.

She has a large sun deck which features a touch and go helipad forward with steps leading down to a large raised Jacuzzi. There is a fully equipped bar, oven, BBQ and DJ station accessible via sliding glass doors with a daybed to starboard.

Her upper deck features a bar, sit-up dining bar and the focus of the sun lounge aft is three deck skylights. Curved glass doors slide back to reveal an indoor-outdoor circular dining table for 12 guests. Moving forward, there is a fully equipped bar, a cocktail lounge and a lounge area.

A huge winter garden that flows into the huge sunpad with sit up bar aft is certainly the stand out feature of this yacht. The garden has folding doors aft and full height windows either side - the upper halves of which raise and lower to open or close the space. The main saloon is accessible via sliding glass doors forward.

She is packed full of amenities which include a beach club with a fitness centre that is open on three sides to provide access to the ocean. There is also a 1000 litre swimming pool, a sauna, steam room, mud room, emotional shower and scuba diving equipment.

She is powered by twin 2021 Caterpillar diesel engines which give her a top speed of 15.5 knots, a cruising speed of 14.5 knots and a transatlantic range of 6000nm.

---

## ACCOMMODATION

Admiral GC Force 66 accommodates 12 guests in 6 luxurious staterooms. The full beam owner's suite is located on the main deck and comes with a private lounge and a breakfast area to starboard. There is also a VIP guest suite port aft of the owners suite. The remaining cabins are located on the lower deck and comprise of two double and two convertible cabins. There is also accommodation for 16 crew members.
