ATHENA

90.00m (295'3"ft) | 2004

DESCRIPTION

She features naval architecture & exterior designing by Pieter Beeldsnijder Design and Dykstra & Partners as well as interior styling by Rebecca Bradley Interior Design.

Athena is a genuine technological marvel yet a play on a classic theme. At all of 90 metres, she is one of the largest sailing yachts built since the 1930's. Incredibly, she manages to outperform most motor yachts as she can achieve speeds of up to 19 knots whilst under sail. Even though Athena's styling evokes memories of the majestic yachts of that era, she is a fully modern charter yacht which incorporates the latest technology.

ACCOMMODATION

Athena can sleep up to a maximum of ten guests in her five stateroom layout which features a master stateroom, three double staterooms and one twin stateroom. She also accommodates for eighteen crew to ensure a relaxed and luxurious experience whenever on board.
