DESCRIPTION

Delivered by Abeking & Rasmussen in 2009, the 85.65m B2 is a superyacht that stands out amongst her peers. Fresh from an interior refit by Winch Design this year, B2 is now in fantastic condition. Her luxurious new interior features neutral tones with deep marine blues and oceanic patterns, with every detail executed to the highest standards. Her exterior furniture has also been renewed to blend effortlessly with her stylish exterior design by Reymond Langton.

Across B2’s five decks, the interior layout facilitates two saloon lounges, one on the main deck with enormous sofas and various seating areas, and one on the bridge deck that offers a more intimate setting. On her upper deck, an expansive dining room can be opened to aft to create a free-flowing dynamic between the exterior seating, or for al fresco dining and more casual lunches, the aft setup on the bridge deck is the location of choice. At the sun deck, a Jacuzzi is positioned forward and enjoys uninterrupted, elevated views to the horizon.

B2’s most enviable feature is her glass-bottomed pool. Located to aft on the main deck, it resides above a gorgeous beach club lounge, which additionally boasts fold-down balconies port and starboard, extending the usable space right to the water’s edge. Other onboard amenities to deliver a superlative superyacht lifestyle include a fully equipped gym, massage room and a glass elevator that runs to all decks.

B2 has stabilisers in operation for both when at anchor and underway, a top speed of 16.5 knots and a range of 6,475nm at her 15-knot cruising speed.

ACCOMMODATION

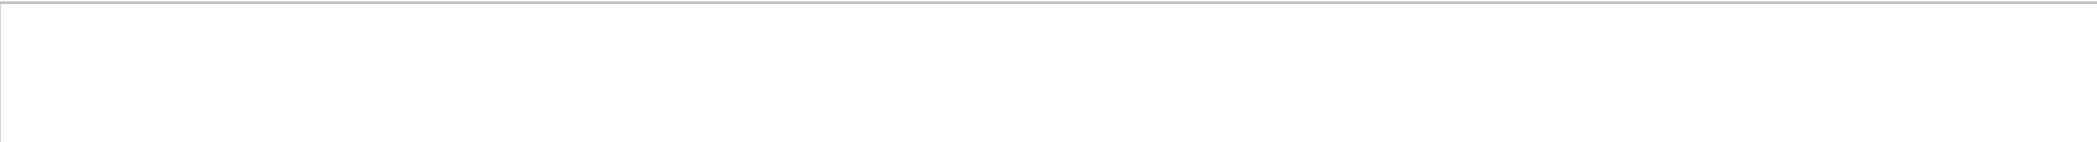

B2 offers accommodation for 22 guests in 11 suites and is one of few yachts this size offering such numbers. The configuration comprises 11 suites including the master and the VIP. The guest accommodation is arranged across the lower and main decks, with the master stateroom taking prime location on the upper deck and benefitting from a his-and-hers en suite complete with bathtub.
