EL ALEPH

40.00m (131'2"ft) | 2009

DESCRIPTION

No detail has been left to chance in ensuring ultimate comfort, safety and enjoyment in some of the most spectacular destinations in the world.

The combination of traditional Phinisi design and 21st century technology in EL ALEPH makes her a totally unique luxury yacht. Beautifully handcrafted in 100-year old teak and ironwood, and finished by the finest cabinetmakers in Bali (who spent more than 200,000 man-hours on the final fit-out!) the attention to detail is unmatched by any other Phinisi schooner ever built.

EL ALEPH offers every modern convenience, from individually controlled air-conditioned cabins to satellite communications. Also, unique among such traditional boats, EL ALEPH has quiet boat mode where she can cruise for prolonged periods under electrical power with all her engines shut down.

A charter on EL ALEPH is a unique opportunity to explore the fascinating Indonesian archipelago in total luxury and privacy. Whether diving in some of the world's richest coral reefs, climbing smoking volcanoes, anchoring in secluded lagoons, or experiencing the fascinating cultural and natural diversity of villages and islands rarely seen by outsiders, EL ALEPH offers the ultimate escape.
