# Fruition

24.38m (79'11"ft) | Kanter | 2001

## Fruition

Fruition was designed and built for an owner whose previous yacht was sailed around the world, and he was so impressed by the handling over the 10 years of circumnavigation, that a lot of its features were incorporated into the design of Fruition, only this time adapted for style, comfort and speed.

# FRUITION

24.38m (79'11"ft) | 2001

---

## DESCRIPTION

The weight saving idea of only having teak in the cockpit is smart and her waterline is lengthened as soon as she starts to sail. Fruition is part of the Bermuda Series. She is an aluminium, long-distance cruising ketch. Fruition always had good crew and an owner who did not need to budget his hobby, whatever was needed, got done. It is clear that a very experienced yachtsman designed the decks and the result is practical, large, easy to move around and spacious where this is needed.

Fruition has excellent deck space with a truly vast aft deck where her big RIB is stowed on passage. The cockpit is a delight; it is good to look at and practical and comfortable in use with a great dining table. It has a fixed Bimini and a folding sprayhood forward.

---

## ACCOMMODATION

Fruition's layout is very inviting for a family that wants to sail with or without crew. Her systems are relatively standard and the maintenance on deck is minimal. She is ideal for long trips and surely can withstand heavy weather. The cabin accommodation throughout is extremely comfortable, affording good privacy for both the owner's party and the crew, of whom three can be accommodated. The raised salon with large dining table, good views of the surroundings and ample air through the deck hatches. American Cherry, either solid or veneered. Cabin soles in Teak and Maple. Fruition has an aluminium marine-grade welded hull and deck with two GMT Carbon fibre masts. Her carbon booms with racks and sail bags allow for easy stowage.
