DESCRIPTION

Everything on board the yacht has been upgraded to superior levels and has been maintained to the highest standards. Offering huge volume and generous on board spaces, she feels much larger than a 59 meter yacht. Her shallow draft ensures she can easily cruise in shallow destinations including the Bahamas.

ACCOMMODATION

The full beam master cabin is located in prime position on the main deck forward, with its features including his and hers bathrooms, large walk in wardrobes and a study. In addition to master suite on main deck, there are five cabins below, plus 7th "multi purpose" room with two pullmans, accommodating up to 14 guests.

The lower deck guest cabins count a VIP, four generous guest staterooms with king beds in each, and a smaller bonus cabin with two Pullman bunks, well suited to children, that doubles as a massage room when not needed as a cabin. This cabin adjoins the main VIP, making it ideal for a family with children.
