IRISH ROVER

29.50m (96'9"ft) | 2011

DESCRIPTION

Irish Rover is the largest Marlow currently available on the market and is in excellent condition. She has very low hours and has always been maintained with an open checkbook and full-time captain. Her hull design along with Cat C32 ACERT engines gives her the ability to cruise at 23 knots and will top out at 29. Lightly used, never chartered and a must see for any buyer looking in the 100' range.

ACCOMMODATION

The master suite is conveniently located forward on the main deck, offering owners a wonderful panoramic view out of large windows. The master head offers an incredible hand-carved white marble tub, his and hers hand-carved marble sink basins, and a simply stunning black Shanxi granite floor.

Guests are also well accommodated on the lower deck with six staterooms offering a variety of space, including a very large suite in addition to two mirrored staterooms, and two cabins with double berths that are perfect for kids. A mini-galley located in the lower foyer is convenient for guests staying aboard to feel at home. The private crew's quarters, located aft of the engines, are also well situated with their own mini-galley.

TENDER & TOYS

Nautilus AB inflatable with 75hp Evinrude
