ISLANDER

29.22m (95'10"ft) | 2021

DESCRIPTION

With a Lloyds certified steel hull & aluminium superstructure complete, Islander is ready for delivery 18 months from signing of contracts.

Islander's contemporary exterior has been designed by the multi-award winning designer Ken Freivokh. Thanks to intelligent naval architecture, ISLANDER is perfectly suited to either extended ocean passages or island hopping between shallow anchorages.

ACCOMMODATION

Islander can accommodate up to eight guests in four comfortable staterooms. The owner's suite is located on the main deck, which offers complete privacy with split-level en-suite to amplify interior space. The exterior design incorporates lower deck bulwarks around the master cabin to maximize both the light and the sea-views. The lower deck provides three further spacious guest cabins, along with accommodation for four crew and a large tender garage.
