## DESCRIPTION

The largest yacht in the Ferretti range, My Soo Too was delivered in 2015 and includes a host of useful extra accessories including upgraded air conditioning and improved AV equipment. The Ferretti 960 drew the attention of the yachting world in 2013 when it was first launched, due to its innovative transom design featuring a wet launch system for the tender and a sun pad/swim platform combination.

Of the three engine options that Ferretti offers with this model, My Soo Too was built with MTU 16V 2635hp units that propel the yacht to a comfortable 31-knot top speed; she has a 27-knot cruising speed. She includes Zero Speed gyro stabilizers as standard equipment. The owner also opted for TRAC fin stabilizers.

The owner of My Soo Too has paid great attention to ironing out all the usual snagging list problems that typically occur in the first year of use for a production yacht. She is now in better-than-new condition and is ready for cruising.
