NEVER ENOUGH

47.80m (156'9"ft) | 2006

DESCRIPTION

Luxury yacht Lady Linda's exterior profile is defined by vertical pilothouse windows and generous exterior decks. A fresco dining space can be found on the upper aft deck or air-conditioned main aft deck.

The interior spaces designed by Evan Marshall are decorated with distinctly International flavour as European-style custom furnishings mix with classic raised and fielded wooden panelling. The open-plan main salon fills with natural light for formal or casual entertaining, while the skylounge above offers top views.

The crowning sundeck is pure relaxation with a spa bath, plush sun pads, and open sunbathing areas all sheltered by subtle glass screens providing shelter from the wind. She is powered by two Caterpillar 3512B engines that give her a top speed of 20 knots and allow her to cruise comfortably at 18 knots.

Luxury motor yacht Lady Linda is currently for sale from her base in Fort Lauderdale, Florida, USA.
