## DESCRIPTION

Entry to the vessel from astern is easily accessed via dual molded in transom stairs to a very comfortable aft deck. The aft deck provides access to the below deck area which houses the crews quarters and engine room. These areas are also accessible via the transom door from the swim platform. Entry into the salon through the double opening sliding doors allows the passengers to flow through the vessel easily.

The interior of the vessel features a beautiful cherry finished wood package and is appointed with the finest of soft goods. The salon is spacious and integrally flows forward to the formal dining area to starboard that features a full size dining table with 6 chairs. The galley is situated to port across from the dining area and features all of the modern conveniences of home.

Moving forward and a couple of steps up is the strategically placed day head and just forward of that is the lower helm/steering station. The steering station is located to starboard and features a watertight exterior access door and there is a settee to port.

The staterooms are located below the main deck and accessed via a staircase just forward of the dining area. The master stateroom features a full beam master and exquisite oversized head with dual access. The VIP stateroom is well appointed with en suite head and spacious accommodations. There are additionally 2 other staterooms below decks that will easily accommodate the largest of families. The fly bridge is massive and features spacious seating, a wet bar with refrigeration, sun lounge, upper driving station, Pipewelders hardtop, on deck BBQ, and full access to the aft fly bridge which accommodates the vessels tender and davit. The layout is superb and promises not to disappoint.
