SEA FORCE ONE

53.80m (176'6"ft) | 2009

DESCRIPTION

A mysterious black hull is topped with an elegant and almost military-looking grey superstructure. A mixture of curve and rigid lines surround a spectacular state of the art LED lighting and music system into which guests can immerse themselves, feeling almost like another world.

The owner's suite and the four guest cabins share the overall themes of the boat - luxury, comfort, elegance and absolute entertainment - although each is quite different in decor, providing residents with different experiences as they pass from one area to another. Ultra-soft fabrics, leather floors and Barrisol ceilings make her an amazing entertaining venue at night, while during the day Both the beach and the impressive sun deck make it hard to bring yourself to leave Sea Force One. A fully fledged home cinema and a disco bar make the on-board entertaining experience a step up from almost any other yacht of her size.
