SKIPPER

30.50m (100'0"ft) | 2000

DESCRIPTION

She is the ideal boat for long distance cruising with plenty of redundancy and fuel is plenty on board to cross the Atlantic on her engine.

Skipper's original owner built her to be a strong yacht for circumnavigation that is capable of being sailed by a small crew. Despite her 100-foot size, Skipper is capable of being sailed by only two people. She still has on board her original crew who have been very dedicated to keep her perfectly maintained at all times.

The exterior of Skipper has a classic contemporary aesthetic. The cockpit offers two helm stations with all sail controls and good views of the boat over and along the deckhouse. Andre Hoek made sure that the helmsman was able to see the bow cut the waves at all times. Forward of the helm stations there is ample seating on both sides with fantastic protection from the fixed Bimini and the deckhouse.

The aft deck is uncluttered and offers access to the lazarette from the deck as well as from the aft swim platform that opens up hydraulic.

ACCOMMODATION

It also was an important specification that the interior be drawn up so that all areas could comfortably accommodate many people. Skipper offers an exceptional amount of space that's to her large width. She has two salons connected to the galley; this can be closed off, if requested.

Skipper's interior has a classic Dutch style with perfect Dutch teak woodwork. Ideally suited as family cruiser, Skipper has three staterooms to accommodate up to six guests. The owner's suite is full beam with a luxurious en-suite bathroom. Two twin guest cabins are located forward of the master.

TENDER & TOYS

1 AguaPro 4-meter Alu rib
Snorkeling gear
2 full diving systems
Bauer diving compressor
