STARLIGHT

32.31m (106'0"ft) | 2003

DESCRIPTION

Using the latest in composite construction technology developed by Eric Goetz, Starlight is more high tech than classic. However, she truly looks and feels like a classic yacht with her high gloss transom, expansive teak decks, sweeping walkaround decks, high gloss varnished cap rails, and striking dark green hull. Her spacious layout, true raised panel mahogany interior, and many custom interior details set Starlight apart from all others, making her a one of a kind yacht.
