85.50m (280'6"ft) | 2010

---

## DESCRIPTION

Sunrays is the 5th example of Oceanco's Y700 series designed by Bjorn Johansson. The interior styling is the work of legendary designer Terence Disdale and the luxury styling he delivers is evident throughout.

Split over six decks, Sunrays' multi-functional interior layout has been carefully considered for entertaining. Of her many highlights, the spacious main salon offering a lounge and formal dining area, while the bridge deck is home to a lavish spa and a lounge that converts into a home cinema.

The unique composition continues throughout Sunrays' exterior deck areas to provide the ultimate indoor-outdoor living. The vast sundeck features a Jacuzzi flanked by sunbeds, a line-up of sun loungers aft - a space that can also be used for sunrise yoga sessions, and a semi-enclosed air-condition gym that benefitted from a complete overhaul in 2018.

The options for enjoyment continue across all decks; with endless options for dining, lounging or sipping cocktails. Whether unwinding by the main deck pool or savouring an aperitif at the impressive, newly constructed upper deck bar, you will be spoilt for choice.

---

## ACCOMMODATION

Sunrays can accommodate up to 22 guests in 9 spacious cabins. With access to the cabins via a centralised elevator, the nine suites include an upper deck master suite complete with its own private terrace and Jacuzzi, an adjoining VIP suite with a sea balcony and a private owner's study that can be converted into a separate cabin, again with a private balcony that overlooks the ocean. An additional VIP suite is located on the main deck, along with two double cabins and two twin cabins. The lower deck is home to a third VIP suite which comes with a fold down balcony at water level.
