SWAGGY

25.70m (84'3"ft) | 2008

DESCRIPTION

Capable of reaching speeds of 41 knots and comfortably cruising at 33 knots, her performance is truly remarkable. Designed by Alberto Ascenzi, the exterior went under a full €1,500,000 remodeling in 2015 to bring the exterior design inline with the 2016 Continental 80 range.

SWAGGY was launched in 2008 by Cantieri Navali del Mediterraneo as their flagship yacht, combining their design expertise with highly attentive engineering to build a yacht at top end of the market. SWAGGY offers world-class sound and vibration-damping systems that are unrivalled on any yacht in this range.

SWAGGY was built for an experienced yachting family who has maintained her to an impeccable standard with no expenses spared. Following the yacht's remodeling in 2015, there are very few yachts in the range that will compare to SWAGGY for performance, condition and build quality.
