THE ROCK

36.58m (120'0"ft) | 2013

DESCRIPTION

"The Rock" was commissioned new in April 2018 by an extremely experienced Owner and Crew. Her massive volume is comparable to a much larger yacht with the livability and stance of a 50 meter. Designed by Evan K. Marshall, with the idea of constructing a "mini 160" in a 120' hull, she was originally started at Christensen Shipyard and completed at Ocean Alexander. Her ride is stable and dry, capable of cruise speeds in the mid teens, and top around 20 knots.
