TIGERSHARK ONE

38.40m (125'11"ft) | 2019

DESCRIPTION

Tigershark One gets its name from being the first of the Tigershark platform which Tansu Yachts has been working on for some time now.

She is created with a view to giving the utmost flexibility in regard to the planning of her interior space. This gives the owner an opportunity to really put their stamp down on their vessel and its configuration.

The options available are, either a four cabin layout which would feature a full beam main deck master suite and sleep eight in total, or a six cabin layout which would sleep twelve.
