VICTORY CHIMES

52.40m (171'10"ft) | 1900

DESCRIPTION

Built by George K Phillips Co. in 1900, her design was optimized for use on the mid-Atlantic and Great Lakes, where it was necessary for a schooner to fit through the shallow navigational canals which linked ports in larger and deeper bodies of water.

Her original cargo consisted of sawn lumber, grain, soft coal and fertilizer, which she carried in and out of Chesapeake Bay until 1945 when she was converted to a passenger carrier.

Victory Chimes operated as a successful charter business on the coast of Maine until 1984. Shortly after, the owner of Domino's Pizza, Mr. Thomas Monaghan, purchased her. Used by the company for employee incentive cruises, Mr. Monaghan invested large amounts of money repairing and restoring the schooner and arguably can be credited for saving her life.

In 1990, she was purchased by her current owners, Capt. Kip Files and Capt. Paul DeGaeta, and again became a passenger vessel. Honored by the State of Maine as "The premier schooner of the Maine sailing fleet" in 1991, by the United States National Parks Service as a "National Historic Landmark" in 1997 and minted on the State of Maine Quarter in 2003, she remains a successful and well-kept working vessel steeped in important U.S. maritime history.

Victory Chimes presently holds a USCG Certificate of Inspection for 50 passengers and is diligently kept to, and above, the standards the USCG requires with annual inspections. Detailed restorative data, as well as business data, is available upon request to well qualified prospects.

ACCOMMODATION

Victory Chimes can sleep up to a maximum of forty four guests in her luxurious twenty one stateroom layout. She also fully accommodates for crew in separate crew quarters ensuring privacy as well as a luxurious experience whenever on board.

NAVIGATION EQUIPMENT

Sailor type R VHF
Standard Horizon Eclipse Plus VHF
Garmin 3210 color chart plotter w/weather fax
