YACHT MIND

24.00m (78'8"ft) | 2007

DESCRIPTION

It also means love for the sea and for the wind, for the journey and for the “loneliness” until the next stop, that is for a few hours or many days it makes no difference. It’s an intimate experience, the development of a similar passion, but different from person to person because a sunset, a dawn, a sight, a vision of the rocky coast, a storm donate different sensations to similar people with one thing in common: living on board of YACHTMIND, the intelligent boat.

Yachtmind offers a domotic environment to offer the highest comfort and degree of control of the sound, light and multimedia functions.

A rather fast yacht which cruises at 28 knots with top speed of 35 knots.
